

MidAmerica Enterprise Center

MidAmerica Industrial Park, Pryor, OK
Available Space

11,000 Square Feet – 4 Spaces

The Enterprise Center was constructed as an addition to the existing OSU-Okmulgee advanced manufacturing training center that was constructed by the MidAmerica Industrial Park for continuing workforce development.

Unit space ranges from 1,285 SF to 2,600 SF. Each space has an office with a private door and window onto the shop area. Two spaces have 12-foot ceiling heights and two have 22-foot ceiling heights. All four spaces feature overhead doors as well as a walk-through door.
