

MEET OKLAHOMA.

Her name is Kim Fultz. Married ten years. Two kids. Born in Locust Grove. A Chouteau High School grad. Worked as a baker, photographer, and on several assembly lines. Joined a company at MidAmerica nearly four years ago and never looked back. First as a Polisher, then Lead Polisher. Now she's even getting cross-trained as a Welder. Just a self-described "average girl" who was recently selected as the company's Employee of the Year for her can-do spirit and positive attitude.

Kim is just one part of Oklahoma's most treasured resource: our people. Those men and women that make our state great. Individuals that exemplify our native strengths of tenacity, integrity, and ingenuity.

Like other economic development organizations in Oklahoma, we are tasked with recruiting new industries to our state. It's a complex and difficult job trying to convince a business to locate their operations here. But, it becomes a whole lot easier when they meet someone like Kim.

MidAmerica
OKLAHOMA'S LARGEST INDUSTRIAL PARK

Power Soak

Power Soak, the world's leading manufacturer of washing systems for commercial and institutional use, is one of over 80 firms at MidAmerica in Pryor Creek. For more information about us, please visit: www.maip.com.
