

MEET OKLAHOMA.

His name is Randy Pritchett. Valedictorian, Salina High School. Married. Favorite hobby: his three kids. Softball coach. Avid hunter. Earned his college degree while working full-time. Elected school board member in 2001. Began sweeping floors at one of the manufacturing facilities for a global supplier of polyethylene piping systems in 1990. Now, he's their Plant Superintendent.

Randy is just one part of Oklahoma's most treasured resource: our people. Those men and women that make our state great. Individuals that exemplify our native strengths of tenacity, integrity, and ingenuity.

Like other economic development organizations in Oklahoma, we are tasked with recruiting new industries to our state. It's a complex and difficult job trying to convince a business to locate their operations here. But, it becomes a whole lot easier when they meet someone like Randy.
