

## MEET OKLAHOMA.

His name is Rusty Walker. Married, three kids plus "one on the way." Never missed a day of school from Kindergarten to graduation at Davenport High School where he was their 1989 Valedictorian. Interests include fishing, church and "lots of family time." Joined a firm that supplies restaurants for a fourteen state region in 1998. First as Order Selector, then Leadman, then Shift Supervisor. Along the way, he's joined the ranks of the company's "Haul of Fame" and graduated from their Accelerated Management Program. Now, he's their Systems Supervisor in charge of logistics and inventory management and also serves as a consultant to other branches on systems design and implementation.

Rusty is just one part of Oklahoma's most treasured resource: our people. Those men and women that make our state great. Individuals that exemplify our native strengths of tenacity, integrity, and ingenuity.

Like other economic development organizations in Oklahoma, we are tasked with recruiting new industries to our state. It's a complex and difficult job trying to convince a business to locate their operations here. But, it becomes a whole lot easier when they meet someone like Rusty.
